MAJORITY OF ONE THOUSAND LOOKED FOR IN ST. CLAIR.

Republicans will be whitewashed in the county.

The campaign this year has been remarkably free from betting. But few wagers have been recorded, and these are on the office of Congressman. So far as the #! Clair County ticket is concerned, the Republicans have failed to meet bets posed by Democrats. Particularly is this true of the office of State Senator, for which Frank C. Smith, a popular East St. Louis ait reney, is the candidate. Two bets made yesterday by Democrats were at 2 and 3 to 1 against R. S. Hamilton of Marissa, the Republican candidate. Mr. Smith is popular all over the county, and has made such a strong impression that not a few prominent Republicans believe that he will be elected easily. nent Republicans believe that he will be elected easily.

John L. Pickering of Springfield, the can-didate for Clerk of the Supreme Court, will, it is believed, poll the largest vote of any Democratic candidate in St. Clair County. County.
Congressman Kern, it is expected, will carry the county by at least Lao. Many of his friends declare that his majority will exceed that by 1,000.

All of the factional strifes in the ranks of the Democracy have been settled, and all are working harmoniously for the success of the entire ticket. The faction which objected to John Suess for Sheriff, has been conclinated, and it is believed that Mr. Suess will not only get the full party vote, but will also get a number of Republican ballots, With the exception of Judge W. J. N. Moyers and Carl Montag of Mascoutsh, candidates for Probate Judge and County Clerk, it is believed that the other members of the ticket will run along with the regular party vote. Judge Moyers and Mr. Montag both have many friends in the Republican party, who, it is thought, will vote for them.

Zeigenhein May Build Opera-House Former Mayor Henry Ziegenhein of St. Louis is contemplating building an opera-house and roof garden on a lot on Collins-ville, near St. Louis avenue, which he owns. The cost of the building is estimated at \$20,000. Half of this it is said, will be borne by Mr. Ziegenhein and the other half by a prominent St. Louis brewer.

FRED J. KERN'S MOTHER DEAD.

She Was Stricken With Paralysis

Democrats Confident of Victory, and Post Wagers of 2 to 1 on Congressman Fred J. Kern of Millstadt and father of Congressional Candidate.

Democrats of the East Side are in a happy frame of mind over the bright prospects of the entire St. Clair County ticket, which it is expected, will be easily elected. The leaders were yesterday busy figuring the majorities. All were agreed that the Democratic ticket in the county would win by at least a thousand majority, and many believed that it will run close to 2,900 majority. Excellent work has been done by the candidates, and it is predicted that the Republicans will be whitewashed in the county.

The campaign this year has been remarkably free from betting. But few wagers have been recorded, and these are on the office of Congressman. CAMPAIGN CLOSES IN MADISON.

Both Parties Are Claiming a Victory not Parties Are Claiming a Victory at To-Morrow's Election.

The campaign closes to-day in Madison County without a claim from either side as to the result. So many features out of the ordinary have entered into the present contest that both ades and all candidates are doubtful of the outcome. Each side has left no stone unturned for success, and both are anticipating a close vore.

So far as the congressional contest is con-

left no stone unturned for success, and both are anticipating a close vote.

So far as the congressional contest is concerned, Fred J. Kern of Belleville will poll a large vote in Madison County. Democrats do not anticipate that the change of front of Judge Alex W. Hope in Alton, will have any marked effect on the vote.

Mr. Rodenberg and Judge Cicero J. Lindley of Greciville, the former Railroad and Warchouse Commissioner, who is running for the lower Illinois house, finish their campaign to-night at a meeting at the Turner Hail in Highland. Congressman Kern's campaign will conclude to-night with an eddress at Belleville.

The Forty-seventh Senatorial District of Bond and Mad son counties is Republican ordinarily by from 1.209 to 1.409, but the result this time is in doubt. The opponents for State Senator are Major William R. Prickett of Edwardsville, a large landowner, an old soldier, on the Democratic ticket, against Louis Walters, a glassblower who was a member of the last General Assembly.

TO BUILD WATERWORKS SYSTEM Oil Men Preparing to Defend Spindletop From Flames.

dletop From Flames.

REPUBLIC SPECIAL.

Beaumont, Tex., Nov. 2—Owners of wells on the Hogs-Swayne tract on Spindletop have finally decided on a definite plan of action for the protection of their property, and it is expected that within the next faw days actual work on an elaborate system of waterworks and chemical engine stations will begin. The plan that is favored has been worked out by C. W. Jones of the Jones Company, which owns a well on the hill, and is generally approved.

It proposes the establishment of a central fire station in the center of the Hogswayne tract, and four substations within a radius of 100 feet from the central station. Pipes will lead from these stations to different parts of the field, every well being within easy reach of them. The estimated cost of preparing the plants and laying the pipes is 44,00, while it is expacted that the cost of maintenance will be about \$5 per month for each well.

This action, following so closely upon that of the Tellow Pine tract owners, is taken as an indication that the well owners are finally realizing the necessity for definite protective plans, and are willing to make some individual concessions. The Tellow Pine towners do not contemplate such an elaborate system, the understanding being that they will depend upon a plentiful supply of water placed conveniently around the properties, and will have watchmen employed day and night to see that the safety rules are enforced. It is also proposed by them to dig safety ditches at different places throughout the tract. The owners of wells on the Gladys tract have also begun to shape plans for a more adequate protection of their own property.
